

Category-Specific Bias Profiles - Top 10 Biases per Omics Field

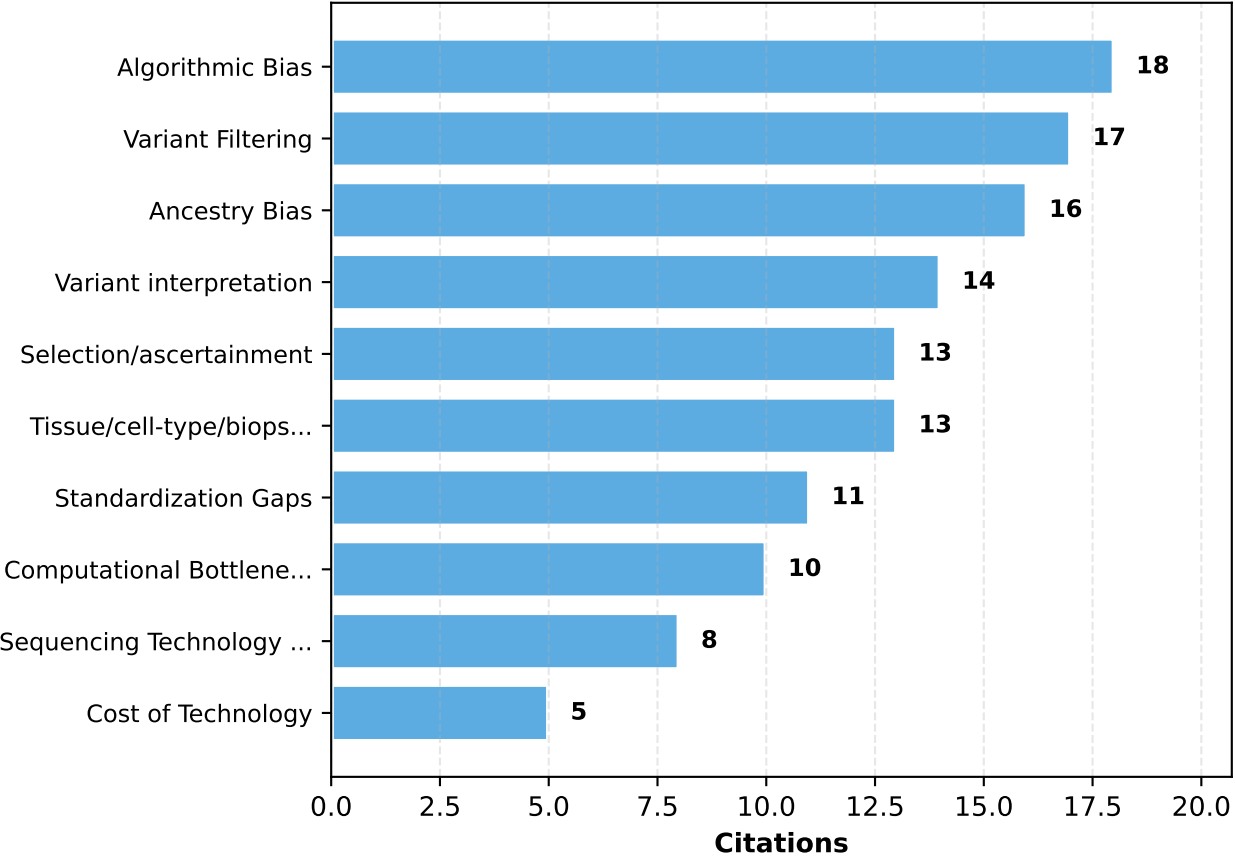

Chinese Literature
(20 biases, 303 citations)

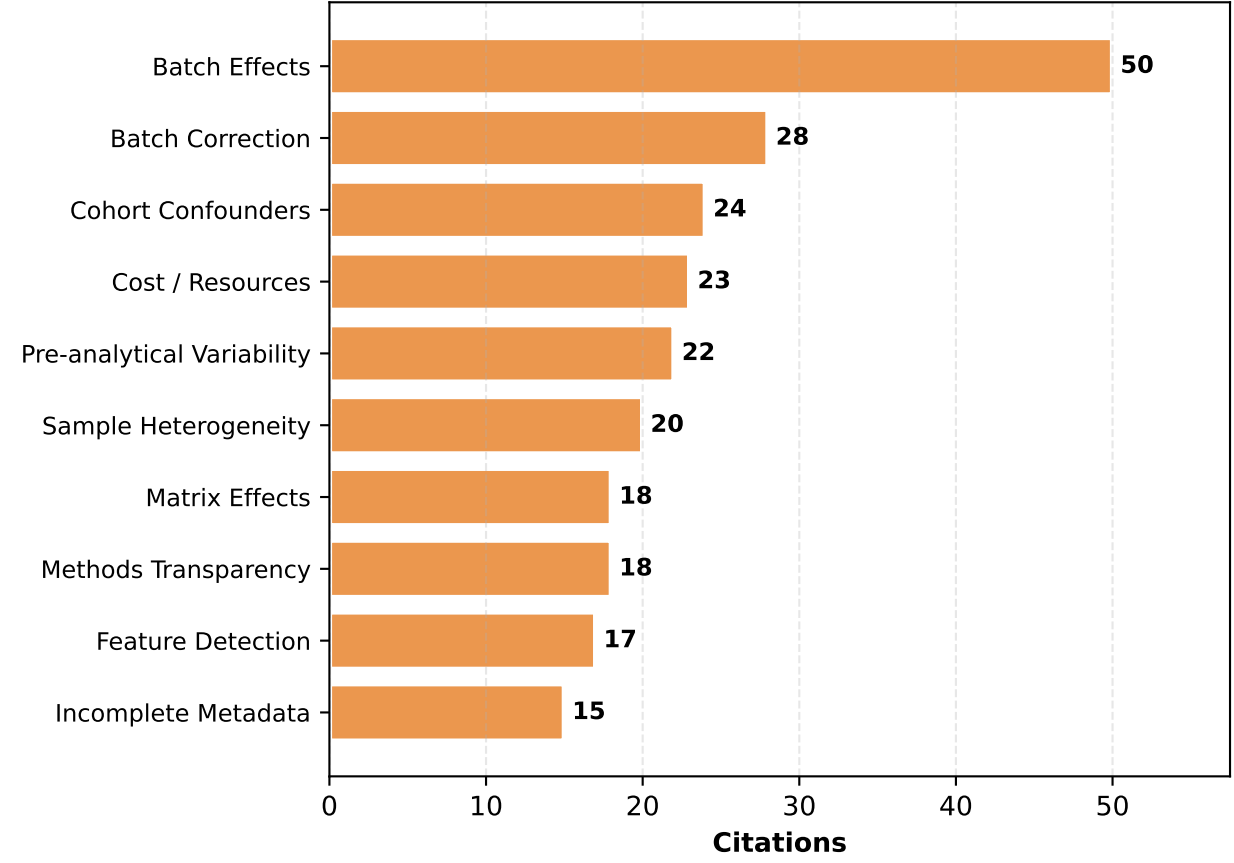

General omics
(20 biases, 384 citations)

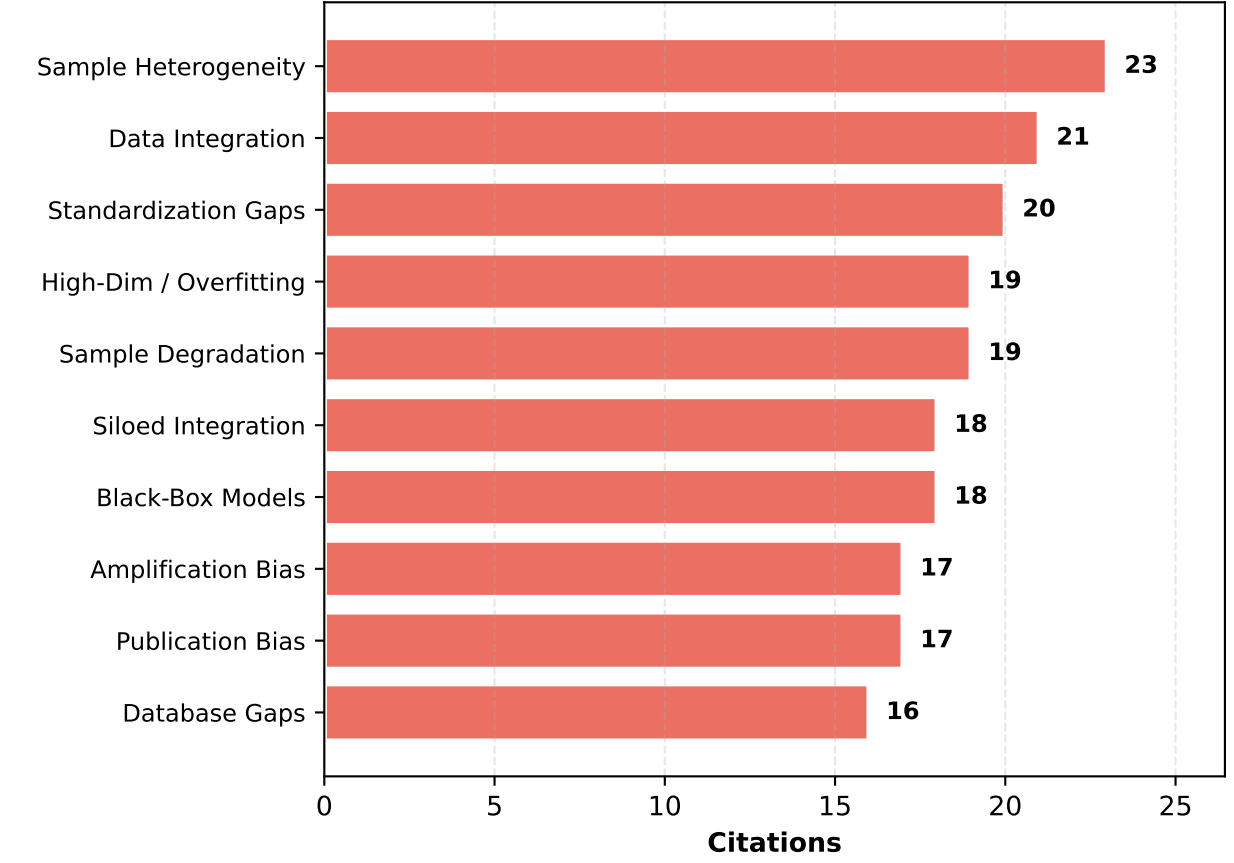

Genomics
(15 biases, 140 citations)

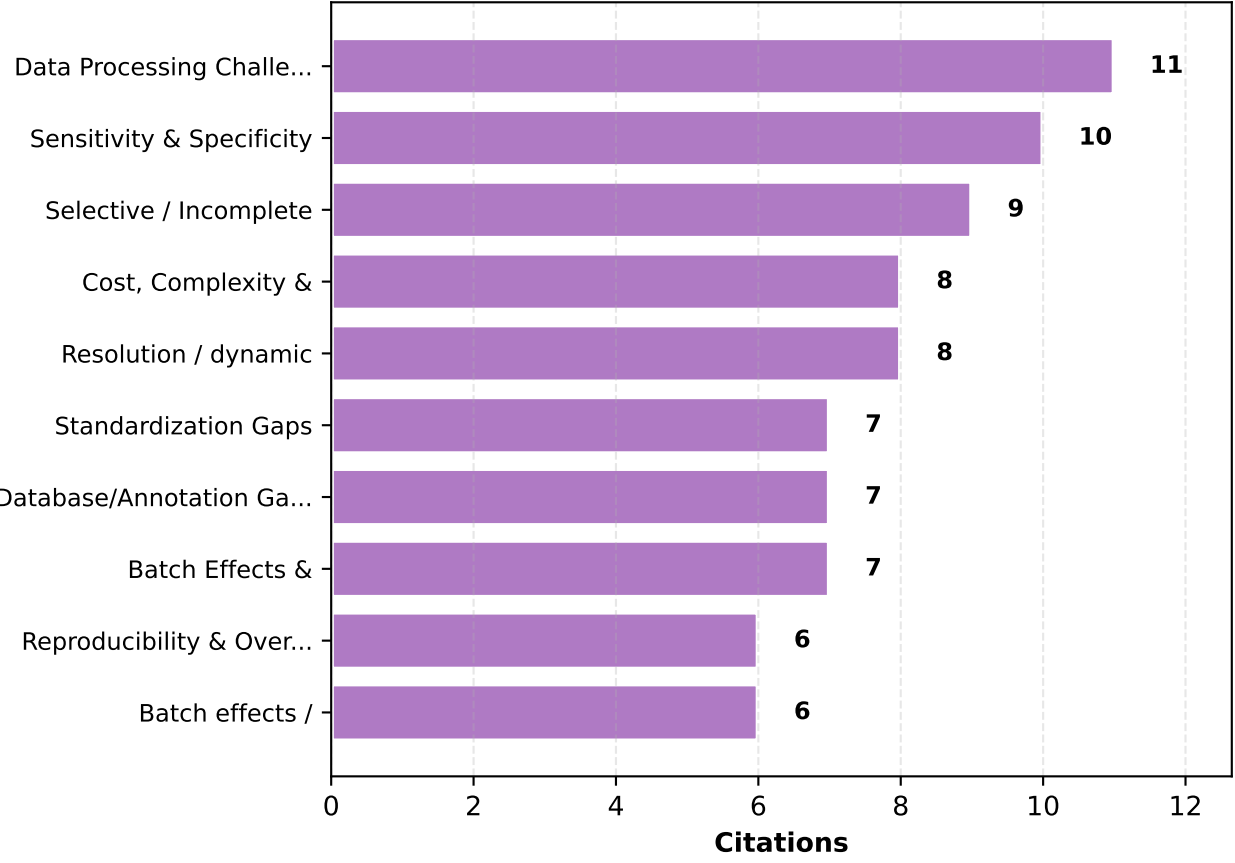

Metabolomics
(23 biases, 377 citations)

Multi-omics
(25 biases, 399 citations)

Proteomics
(20 biases, 124 citations)

Transcriptomics
(20 biases, 314 citations)
